PROFESSIONAL SUMMARY

Python and AI engineer with 2+ years of experience building production LLM applications, async backend systems, and retrieval-based workflows. Expert in FastAPI, RAG pipelines, and LangChain orchestration. Proven track record of delivering scalable AI systems—including a text-to-SQL platform with 65% user adoption—and optimizing database performance by 45%.

TECHNICAL SKILLS

- **Languages:** Python (Asyncio), JavaScript/TypeScript, SQL
- **AI/LLM:** OpenAI GPT-4, Anthropic Claude, LangChain, RAG (FAISS/ChromaDB), Agentic Workflows
- **Backend:** FastAPI, Flask, REST APIs, JWT, RBAC, Redis Caching
- **Databases:** PostgreSQL, MySQL, MongoDB
- **Frontend:** React.js, Next.js, Redux, Tailwind CSS
- **Tools:** Docker, AWS, CI/CD, Nginx, Pytest

PROFESSIONAL EXPERIENCE

Python Developer — Erasmith Pvt Ltd (Feb 2024 – Present)

- **AI Systems:** Integrated GPT-4/Claude APIs into production; built autonomous LangChain agents for natural language database querying.
- **High-Scale APIs:** Developed 80+ async FastAPI endpoints with RBAC, JWT auth, and Redis caching for high-throughput AI services.
- **RAG Architecture:** Designed retrieval-augmented generation pipelines using FAISS/ChromaDB to enable context-aware LLM responses.
- **Performance & Observability:** Optimized PostgreSQL queries to improve dashboard load times by 45% (12s → 6.6s); implemented structured logging for LLM cost/latency tracking.
- **Reliability:** Deployed 100+ application instances with 99.9% uptime via Docker and automated CI/CD pipelines.

PROJECTS

- **HyphenView (AI Analytics):** Built an AI-native Text-to-SQL system; achieved 65% adoption rate among 50+ active enterprise users.
- **Smart Job Hunter:** Architected an autonomous agent using LangChain and LLaMA-3 to match candidate skills with live job postings.
- **AI Shopping Assistant:** Created a tool-using generative agent that manages budget-constrained purchasing across multiple e-commerce platforms.

EDUCATION

B.Tech in Computer Science (AI Specialization) | Galgotias College | 2020 – 2025

CERTIFICATIONS

- Docker Mastery (Bret Fisher) | 100 Days of Code (Python) | DSA (Coding Ninjas) | Full Stack Web Dev
